

List of ISBT 128 Standards

Wednesday, June 23, 2021

Publication Number	Publication Title	Active Version	Date Issued
Publication	Publication Title	Active, R	Active Ver
IG-002	United States Consensus Standard for the Uniform Labeling of Blood and Blood Components Using ISBT 128	Active	3.0.0
IG-003	United States Consensus Guidance for the Uniform Labeling of Cellular Therapy Products Using ISBT 128	Active	1.3.1
IG-008	Technical Bulletin 5: Bar Code Scanner Implementation of ISBT 128 Concatenation	Active	1
IG-010	Implementation Guide: Use of Flags in the Donation Identification Number for Process Control of Critical Points During Processing and Distribution	Active	1.0.3
IG-011	Technical Bulletin 8: Specification for ISBT 128 Data Structures to support the secure bedside matching of patient and transfusion/transplant product identification	Active	1.0.0
IG-013	Implementation Guide: ISBT 128 Bar Codes: Valid and Invalid Examples	Active	1.1.0
IG-014	Implementation Guide: Use of Data Matrix Symbols with ISBT 128	Active	1.3.0
IG-015	Implementation Guide: Use of the Manufacturers Data File	Active	1.2.1
IG-017	Implementation Guide: Length of the Product Code Bar Code and Concatenation	Active	1.1.0
IG-019	Implementation Guide: Manufacturer's Catalog Number and Lot Number (NOT Containers)	Active	1.0.1
IG-020	Implementation Guide: Encoding Product Information [Data Structures 003, 032, 033, and 034] - Tissues	Active	2.0.0
IG-021	Implementation Guide: Use of Product Code [Data Structure 003] - Blood	Active	1.1.0
IG-022	Implementation Guide: Product Coding [Data Structures 003 and 032] - Cellular Therapy	Active	1.2.0
IG-023	Implementation Guide: Use of Product Divisions [Data Structure 032]	Active	1.2.0
IG-024	Implementation Guide: Use of Flexible Date and Time [Data Structure 031]	Active	1.2.0
IG-025	Implementation Guide: US Guidance on Printing Text Associated with Red Cell Antigens	Active	1.0.0
IG-026	Implementation Guide: Use of Dimensions [Data Structure 029]	Active	1.3.0
IG-027	Implementation Guide: Use of Red Cell Antigens with Test History [Data Structure 030]	Active	1.2.0

Publication Number	Publication Title	Active Version	Date Issued
IG-028	Implementation Guide: Use of ISBT 128 by North American Tissue Banks	Active	1.4.0
IG-029	Implementation Guide: Choosing an On-Demand Label Printer	Active	1.0.2
IG-031	Implementation Guide: Use of the Processing Facility Information Code [Data Structure 033]	Active	1.1.0
IG-032	Implementation Guide: Use of Product Code [Data Structure 003] - Ocular Tissue	Active	1.2.0
IG-033	Implementation Guide: Use of the Donation Identification Number [Data Structure 001]	Active	1.2.0
IG-034	Implementation Guide: ISBT 128 Facility Identification Number	Active	1.2.0
IG-040	Implementation Guide: Use of ISBT 128 in North American Eye Banks	Active	1.4.0
IG-041	Implementation Guide: ISBT 128 in Resource Limited Countries	Active	1.0.0
IG-043	Implementation Guide: A Validation Tool for ISBT 128 Data Structures	Active	1.1.0
IG-045	Implementation Guide: ISBT 128 Labeling for Clinical Trial Products	Active	1.0.0
IG-046	Guidance on Transferring ISBT 128 Labeled Products Through a GS1 Supply Chain	Active	1.0.0
