

LinkedIn/Facebook

As a valued partner in the global healthcare community, we're pleased to share that applications for the ICCBBA Grant 2026 are now open.

This funding opportunity offers up to \$50,000 USD per award to support projects that strengthen safety, efficiency, and traceability across Medical Products of Human Origin (MPHO). Through this initiative, ICCBBA continues its commitment to advancing patient safety and supporting organizations working to improve transfusion and transplantation systems worldwide.

Application Deadline: April 30, 2026

We encourage eligible organizations within our network to explore this opportunity and apply early. Don't miss the chance to make a meaningful and lasting impact across the MPHO landscape.
